

# Jolly Grammar

## Jolly Grammar Introductory course

*The Jolly Grammar programme provides a systematic approach to teaching the structural aspects of the English language in a fun, multi-sensory way. It continues on from the first year of Jolly Phonics and there are currently six years of literacy teaching available. The Jolly Phonics Grammar Intensive Professional Training consists of approximately 4 hours detailed instruction and is based on how to continue on from Jolly Phonics. It includes what the Grammar Handbooks cover each year and many examples of daily lesson plans. The course also offers a wide variety of adaptable and fun ESL friendly activities, games and ideas that can be used on a daily basis in any classroom setting. Through many years of experience we are able to offer advice on how to do classroom planning using Jolly Grammar and as the course is divided into two parts: theory and practical, it also gives clients the chance to see how the method works and also put their new skills into practice. This course is for anyone who wishes to know more about using the Jolly Grammar method at home or in school, in particular those who are already using Jolly Phonics, who have already had initial Jolly Phonics Training and Primary school teachers. However, everyone is welcome.*

**All of the courses are run by official Jolly Phonics Trainer, Ashley Liney who is certified by Jolly Learning. She currently offers teacher training courses throughout the south of Spain.**
